Francisco last Saturday, where she
will spend a few weeks with rela-
tives and friends.

the East a large refrigerator which
he will use in connection with his
meat market here.

L. L. Lewis and family have
gone to Berkeley after spending
several weeks on their ranch in
the western foothills.

Wm. Hill, the well-known mix-
ologist at the Boyes Springs Club
House, was transacting business at
the county seat Monday.

John and Dutch Vincent went
to Vallejo the latter part of last
week, where they will take an ex-
amination for enlistment in the U.
S. Navy.

W. O. Hocker, ex-editor and a
teacher in the Glen E. school, was
a Southern Pacific passenger en

Sam Lewis, the well-known So-
nomma butcher, took the train here
last Saturday for the southern part
of the State to purchase beef cat-
tle for Lewis & Cummings meat
market.

The El Verano grammar school

James H. Oliver, attorney for

fine team.

A large crowd of people came
up from San Francisco on Sunday
and enjoyed a suckling pig and
chicken dinner given by Mr. and
Mrs. Harry Lubbock of the Riv-
erside Hotel. A jolly time was
had by the visitors and all ex-
pressed a desire to come again.

E. O. Gates, recently appointed
a deputy registration clerk for this
precinct, has been a very busy
man the past week. He has al-
ready registered a large number of
voters, including a number of
women, and it looks like there
will be something doing at the next
election down this way.

Charley Horn, the young Mis-
sion "white hope" of the pugilistic
arena, is here from San Francisco
and is registered at the Bellevue
Hotel. Horn is a promising heavy-
weight boxer and his prospects for
making good in the roped arena
are said to be very bright. He is
boxing daily in the Bellevue gym-
nasium with Fritz Holland, a
Seattle middleweight, who fights
at Sacramento on the 19th inst.
Both boys are near champions in
their respective classes and they
expect to reach the topmost rung
of the pugilistic ladder at no dis-
tant day.

Children Cry FOR FLETCHER'S CASTORIA

THAT SOULLESS CORPORATION AGAIN

Philadelphia's Liberty Bell to be
Transported Free by the
Southern Pacific Co.

The school children of this State
will not be called upon to contrib-
ute their nickels and dimes toward
a transportation fund to bring the
famous Liberty Bell to San Fran-
cisco for the Panama-Pacific Inter-
national Exposition, as at first
planned.

The Southern Pacific Company,
through its San Francisco officials,
on Monday last, made an offer to
the exposition directors to trans-
port the Liberty Bell from Phila-
delphia to San Francisco free of
charge. The railroad offers to
bring the bell out and give it as
much attention throughout the
trip as is now given it in its pres-
ent resting place in Philadelphia.

The State of Pennsylvania values
the Liberty Bell as much as it does
the history connected with it and
the Southern Pacific officials are
prepared to see that provisions are
made for a company of Pennsylvan-
ia militia to guard the bell on its
long trip across the continent.

The trip of the honored old bell,
that in 1776 announced the signing
of the Declaration of Independence,
will be a triumphal procession. At
every station in the country where
the train stops—and it will have to
stop at nearly all of them—thous-
ands of school children and their
parents will gather to see the bell
that tolled the greatest story that
has ever been published in the
United States. It is planned to
erect a small belfry on a car and
to hang the bell in that for the trip
across the continent. United
States history began with the tol-
ling of the Liberty Bell and there
is not a native of this great country
who does not want to see the be-
ginning of the history of the Unit-
ed States.

Hay Market This Week

Somers & Co., report the con-
dition of the hay market for the
week ending January 9th, as fol-
lows:

"Receipts of hay in San Fran-
cisco during the past week have
been very light, but 1582 tons be-
ing marketed which is much less
than is consumed during the same
period. Although there is a trifle
more activity in the local hay busi-
ness, yet the trade in hay which
of the year has not as yet become
evident. No doubt consumers are
permitting their stocks to run low,
especially those who purchased
their supplies at harvest time
prices and who have been unwill-
ing to restock at the present range
of prices. Hay is not going to be
rushed into the San Francisco
market and as is well known, stocks
are light and the active trade in
the interior is rapidly reducing
these stocks so that there is no
fear of the surplus which must be
thrown on our market here. When
local consumers realize this they
undoubtedly will be in the market
and an active local trade in con-
junction with the country demand
will raise prices, whereas up to the
present time the only element
which held the market down was
the lack of demand in San Fran-
cisco.

"The rainfall in the State to
date is still far below normal, but
it is to be hoped that this month
will give the country plenty of
rain so that we may have abundant
crops next season. A large crop
of hay will undoubtedly be needed
next season for it is generally con-
ceded that stocks this season will
be practically cleaned up.

COUNTY PHYSICIAN BOGLE VINDICATED

His Management of the County
Hospital is Upheld by the
Supervisors and He is
Retained in Office.

The Board of Supervisors on
Saturday last adopted a resolution
vindicating County Physician Bogle
and declaring his management
of the county hospital and poor
farm to have been all right and he
was retained in office.

The proceedings against Dr.
Bogle were instituted by three
rival physicians of Santa Rosa who
coveted his job and who very un-
professionally offered their services
to the county gratis if the hospital
and its management were turned
over to them. In speaking on this
phase of the case the Supervisors
in their findings say:

"As to the proposition of dis-
charging the present county physi-
cian that his place may be taken
by others to serve without com-
pensation, we do not believe it should
be done. The three complaining
physicians state that the perform-
ance of the work is worth what the
county pays. It is a just rule of
morals and business that the la-
borer is worthy of his hire. The
right to demand service exists only
against those who are compensated
for it. Sonoma county is not an
indigent, but is able to pay what is
right for services she receives.
Great responsibilities, both from a
financial and professional stand-
point, are assumed by the County
Physician. The health of many
people is entrusted to his keeping
and during recent years many
operations, including quite a large
number of capital operations, have
been successfully performed there.
Though the offer might be in-
spired by the best of motives, our
county could not accept such a
sacrifice from an individual.
Neither should the position or any
opportunity it may give, be used
to exploit any individual.

"The legislature has provided
by law that the care, maintenance
and attendance of the indigent
sick and dependant poor shall not
be let by contract to the lowest
bidder. The reason for the law is
doubtless that these unfortunate
people should not be subjected to
the temptation of the people who
have their care to profit by their
neglect. In the same spirit, as a
principle of conduct, we do not
believe that the one who has their
necessities committed to his care
should labor under the temptation
to neglect them for lack of com-
pensation. As a general principle,
in the long run, unrewarded labor
is poor labor."

NEW ELECTION PRECINCTS CREATED

The Change is Made Owing to
Giving the Women the
Ballot

At a meeting of the Board of
Supervisors, held last Wednesday,
many new voting precincts were
created in this county to accom-
modate our new women voters.

In Supervisor Hart's district a
new precinct has been created out
of the southern part of Penngrove
to be known as Elmore precinct;
in Sonoma township a new precinct
has been created out of the east
part of San Luis precinct, to be
known as Vineburg; in Sonoma
city the precinct there has been
cut in two by a line running
through the center of Broadway
and its extensions and makes two
Sonoma precincts; in Agua Caliente
precinct, all of the territory
west of Sonoma creek is made a
new precinct, to be known as El
Verano precinct; Glen Ellen town-
ship is cut in two and the north
end is known as Kenwood precinct.
This makes five new precincts in
Supervisor Hart's district.

Woman's Club Notes

At a business meeting of the
Woman's Club held on Friday
of last week the treasurer re-
ported the net proceeds of the New
Year's ball would be about \$85.00.

The chief topic of interest for
the afternoon was the purchase of
a new club house lot, and discuss-
ing the pros and cons as to becom-
ing a corporation or an association.
The right to purchase the lot is at
present vested in the executive
board.

The club was unanimous in a
decision that hereafter no dancing
even suggestive of "rag-time"
would be permitted at its enter-
tainments.

Next Friday will be social day,
with Mrs. Stofen as hostess, and a
program of music under the direc-
tion of Mrs. Bateman and Miss
Waterman.

Members who are owing dues
for the current six months are re-
quested to come prepared to pay,
as it is expedient to pay up for the
lot as fast as possible and thus cut
down the interest.

The Storm

The storm which set in Monday
has given the soil the first thorough
soaking it has had since early last
spring. The precipitation the past
week has been over two inches and
has done a world of good. The
long continued drought had all but
dried up Sonoma creek which is
usually a raging torrent long be-
fore midwinter, but the present
storm has put some life into that
stream and it will soon be booming
as of yore. Summer-fallowed
grain fields, notably those on the
Jones ranch at McGill's have been
greatly benefited by the showers
of the past week and every acre of
ground in the valley will be in
good condition for plowing so
soon as the present storm subsides.

Local Option and What It Means for the Sonoma Valley.

Last week there was a newspaper change in this city. C. L. Newman retiring from the Expositor, being ostensibly succeeded by Geo. M. Hardman, a youth, who as the lessee of the paper, is a mere figurehead for the real owner, who prefers to delude the public by keeping in the background and thrusting on another the responsibilities of the utterances of his newspaper. About every one in this valley knows to whom we allude and it is not necessary to mention his name in this article. Suffice it to say he is a past master in breeding trouble and discord in our midst.

His latest exploit, which he launched forth in the Expositor last week is the precipitation of a Local Option contest in this Supervisory district, where there is no earthly demand for it, merely to satisfy a craving for his mischief-making proclivities and to hatch trouble and discord among an otherwise prosperous and contented people. One of the reasons advanced in the screed under discussion for Local Option (which is but another name for Prohibition) in this valley is as follows. We quote:

"No intelligent or fairminded man or woman in Sonoma Valley will deny that the time is now here (and, in fact, has been for many moons) when somebody should take a positive and aggressive stand for law and order and for decency in local governmental affairs. This stand the Expositor now takes absolutely and without reserve, believing firmly that it is for the moral and material advancement and prosperity of good old Sonoma and this nature-favored valley."

We do deny, and as proof that the above language is a libel on the fair name of the Sonoma Valley, we point with pride to the fact it is one of the most law-abiding communities in all California. The records of the offices of the District Attorney and Sheriff of this county will prove what we here assert. It takes all kinds of people to make up this world—good, bad and indifferent—and we are quite sure this town and valley possesses more than its share of the good ones. We therefore resent the sweeping imputation of our contemporary that our people are immoral and must needs be reformed by evoking the aid of Local Option, which does not reform, but confuses. This disposes of the moral side of the proposition.

Now, from a business standpoint, what does this Local Option Law signify to the people of this valley, anyhow, if enforced? Let them ponder well over this question and the replies to it.

First—It means practically the closing of the summering resorts of this valley, big and little, which represent an investment of over a million of dollars and with them would go the other businesses in both town and valley that have in the past few years been built up from the trade of the thousands of summer visitors who flock to our resorts and bathing establishments every season.

Second—It means the ruination of business, not only throughout the valley but particularly in Sonoma, which is practically living off the patronage of these very summer resorts which bring thousands of visitors to our valley every year.

Third—It means that business would be so paralyzed in both town and valley that there would be no work for our mechanics and laboring men for many a day to come.

Fourth—It means the elimination of \$7000 paid into the coffers of the county annually by our resorts for their liquor licenses alone. This sum in the event of Local Option carrying would have to come out of the pockets of our already overtaxed farmers, and—we were going to say business men—but there will be mighty few of them left if the disaster of Local Option should overtake this community.

With these counts staring the people in the face, who in the name of common sense but a downright misguided mortal would support such a measure.

"Physician Go Heal Thyself."

The three medicos of Santa Rosa who recently endeavored to oust County Physician Bogle out of his position to get the job for themselves by bringing unsubstantiated charges of official extravagance against the county hospital management, are mighty poor losers. The Board of Supervisors, after due investigation of the charges and finding nothing serious in them, very properly upheld the county physician in his management of the institution over which he has so ably presided for a number of years, and turned down the three covetous "saw-bones," and now to cap the climax they rush into print in a county seat contemporary and criticize the action of the Supervisors for not doing their bidding. Verily, having failed in their endeavor to treat the indigents of the county gratis it is now, in order for the disgruntled medicos to take cognizance of the biblical admonition of "Physician, go heal thyself."

The Petaluma Daily Courier under the new management of A. E. Avery, we are pleased to note, is a great improvement over the sheet turned out by the former management. We congratulate the people of Petaluma on the change, and wish Br'er Avery success in his new field.

Remarkable Strength Test of Hudson "33" Chassis

A remarkable impromptu test of engine and chassis strength took place during the muddy days of the week at the factory of the Hudson Motor Car Company.

One of the heavy trucks owned by the Hudson Co. was mired in a mudhole to such an extent that its crew could not pull it out. It had a five ton load.

A Hudson tester appeared on the scene and the Hudson "33" test chassis was hooked onto the truck by means of a cable. On account of the tremendous weight of the large truck the rear wheels of the "33" Chassis were raised up and they merely spun around.

Twelve men were then requested to stand on the "33" and on applying the power the chassis because of the traction to the wheels—made possible by this weight—was able to pull the truck out of the hole of mud. It was a remarkable demonstration of the power of the New self-starting Hudson "33."

The Men And Religion Forward Movement

An eight day campaign of the Men and Religion Forward Movement to interest men and boys in the churches and in service for others will be held in San Francisco between March 2 and 11th, 1912. Great preparations are being made to insure the success of the campaign. Back of the movement, which is national in its scope, are the following: Baptist Brotherhood, Brotherhood of Andrew and Phillip, Brotherhood of the Disciples of Christ, Brotherhood of St. Andrews, Congregational Brotherhood, The Gideons (Commercial Travelers), International Sunday School Association, Methodist Brotherhood, Presbyterian Brotherhood, Lutheran Brotherhood, Young Men's Christian Association.

The program for the Pacific Coast States comprises eight day campaigns at Portland, Tacoma, Seattle, San Francisco and Los Angeles. During these eight day campaigns a number of the leading workers, representing the different organizations will be present and conduct institutes upon methods of Christian work. Following the San Francisco campaign, similar campaigns will be conducted in the leading cities throughout the State. These centers will in turn reproduce the movement in the smaller towns until the whole of the territory is covered.

A Greater San Francisco committee of one hundred and fifty has been selected, including representatives of Oakland, Berkeley and Alameda. Henry J. McCoy is the Chairman, Rev. H. H. Leil, D. D., Vice-Chairman and Gilbert W. Deniston, Executive Secretary. Special Committees have been formed representing each of the different phases of this movement such as Evangelism, Boys' work, Social service, Bible Study and Missions. These committees are already at work. Rev. John M. Doan, of Seattle, the Executive Secretary for the Western part of the United States, is now in San Francisco and the details of the conventions are being arranged for. "Easy Jim" Tells in an Interesting Way all About the Week's Happenings in and About His Section of the Valley.

The rain the past week has delighted our farmers.

Mr. John Batto visited the metropolis on Wednesday.

Jack Murray was a visitor to the bay city one day this week.

Walter Bundelu visited the bay city one day this week.

Fred Batto paid his usual business trip to the metropolis on Monday last.

Our old friend Harry Andrieux of Wingo paid this burg a visit on Sunday last.

It is now raining and we hope it will continue for a few days to give the sown grain a start.

Miss Adele Andrieux was the guest of Sonoma friends and relatives on Wednesday last.

Miss May Bosch returned from the city on Saturday last and is a guest at the Bosch home.

Enrico Forni of Pleasant Villa has fenced his property and intends to make a fine garden around his pretty home.

Mrs. August Figne of San Francisco, accompanied by her sister, Miss Mary Batto, arrived here on Tuesday evening and are guests of their parents, Mr. and Mrs. John Batto.

Four of our well known hunters Bill Block, Chas. Nau, Philip Bill Jr. and Chas. Groskopf invaded the tules on last Sunday and the battle of Waterloo was not in it for the noise they made, but nevertheless they landed some fine game all the same.

We are informed by good authority that a number of young ladies intend to start a new industry near Vineburg, that is a farm for the purpose of raising frogs. That is right, ladies. Start a frog factory and all we will then need will be an ostrich feather foundry and Vineburg will ask no more.

Arthur Batto and Celestine Andrieux spent Wednesday afternoon on the Schell tract, and now they sing a song called: Jack, Jack, Jack! Come back, back, back! and hear the ducks go quack, quack, quack! But an echo whispers, where are the ducks?

Do You Feel This Way?

Do you feel all tired out? Do you sometimes think you just can't work away at your profession or trade any longer? Do you have a poor appetite, and lay awake at nights unable to sleep? Are your nerves all gone, and your stomach too? Has ambition to forge ahead in the world left you? If so, you might as well put a stop to your misery. You can do it if you will. Dr. Pierce's Golden Medical Discovery will make you a different individual. It will set your lazy liver to work. It will set things right in your stomach, and your appetite will come back. It will purify your blood. If there is any tendency in your family toward consumption, it will keep that dread destroyer away. Even after consumption has almost gained a foothold in the form of a lingering cough, bronchitis, or bleeding at the lungs, it will bring about a cure in 98 per cent. of all cases. It is a remedy prepared by Dr. R. V. Pierce, of Buffalo, N. Y., whose advice is given free to all who wish to write him. His great success has come from his wide experience and varied practice.

Don't be wheedled by a penny-grabbing dealer into taking inferior substitutes for Dr. Pierce's medicines, recommended to be "just as good." Dr. Pierce's medicines are of known composition. THE PASSING OF A PIONEER CITIZEN

D. H. Twing, For Over Thirty Years in the Real Estate Business, Here is No More.

D. H. Twing, who had been engaged in the real estate business here for over thirty years, died at the home of his daughter, Mrs. H. B. Land of Oakland, last Saturday.

The deceased, who had reached the ripe old age of 84 years, lacking twenty days, had been failing gradually for the past two years, and, with his aged wife, he closed up his home here and went to his daughter's home in Oakland to die. Mr. Twing had been an active business man all his life and even after reaching the age of eighty was as bright as most of his fellows at fifty.

He came to Sonoma in the early eighties and has probably closed more real estate deals in this valley than all the rest of the real estate men put together, and had done more than his share toward advertising the Sonoma Valley to the outside world.

The deceased was a veteran Odd Fellow, being a member of Yerba Buena Lodge, No. 15, of San Francisco and Oriental Encampment No. 57, Odd Fellows Militant, of the same city. He leaves an aged wife, Mary E. Twing, and was the father of Frank S. Twing of Butte, Montana, and H. B. Land of Oakland.

The remains were shipped from Oakland to his old Sonoma home last Monday morning, and were laid to rest in Mountain Cemetery under the auspices of Sonoma Lodge of Odd Fellows.

LOCAL OPTION FOR SONOMA VALLEY

It Now Looks Like the Threat of Our Mischief-Making Contemporary Was to Come to a Head

J. K. Bigelow of this valley was in Santa Rosa the fore part of last week interesting himself about the county court house to precipitate a Local Option contest in this Supervisorial district, and made no bones of the matter to those with whom he conversed that he was going to close up the summer resorts in this valley. He was also instrumental in getting a deputy county registration clerk appointed for the Agua Caliente district we know of, but how many more for the other districts that he purposes to make dry we are not advised. His Agua Caliente man, however, who by the way is E. O. Gates of El Verano, has been engaged in registering both men and women voters in that district all week.

Bigelow stated while at the county seat he would have no trouble in securing the necessary percentage of voters to enable him to petition the Board of Supervisors to call an election to decide whether Sonoma, Glen Ellen and Vallejo Townships desired to become dry or wet territory.

As Mr. Bigelow alone appears to be making this fight against the peace and prosperity of Sonoma Valley, we are not as yet advised as to just what progress he has made up to the present time. One thing sure, if his actions and the utterances of his organ in this city are to be taken seriously the people in this valley are approaching a crisis in its business affairs and one, too, that will precipitate one of the most bitter contests ever fought out at the polls in this or any other locality, because those that have thousands of dollars invested in our summer resorts will not submit tamely to being legislated out of business by the Willey Local Option Law.

Hums of the Yellow Jackets

Our regular meeting will be held next Monday evening. Assembly at 7:30.

Friday a special meeting was held to listen to the report of the Music and Play Committees, consisting of cadets Weber and Buchanan.

No basket ball game in sight yet. We hope for a game soon.

Lieutenant Marjorie Buchan and Adjutant Henrietta Weber were compelled to give up their walk to Jack London's home, on account of the wet weather. They hope to accomplish their hike next week.

Cadet Marie Clewe was unanimously voted in at our last meeting. We have a valuable member in Cadet Clewe, as she is very good at music, drama and basket ball.

Private Arvilla Revie withdrew from the Y. J. C. last Monday for several important reasons. She was our first Captain and commanded us on our recent march and camp at Wake Robin Lodge. We were very sorry to see Miss Revie go, and to show her how deep our regard for her was several cadets of the Y. J. C. and N. C. O. accompanied her home last Monday and sang "Auld Lang Syne" with great feeling.

Adjutant Weber has left High School for an indefinite period, and Sergeant Grance attends only in the

mornings on account of her eyes. Lieutenant Buchan has joined the Cadet Band and is the fifth in number of solo cornetists. Adjutant Henrietta Weber will probably take up the bass later. Sergeant Grance will try the slide trombone and cadet Lenora Spencer will take the clarinet. Some band that!

ABSENTMINDED.

Man of Genius Whose Thoughts Were
Went to Wander Astray.

Absorption in their work is often carried to such extremes as to make men of genius strangely oblivious to what is going on around them. Many amusing stories are told illustrative of this tendency to "absent-mindedness." According to Sir David Brewster, when Newton left a room to get anything he usually returned without it.

The physicist Rouelle was notoriously absentminded. One day while performing a laboratory experiment he said to his students: "You see, gentlemen, this caldron over the flames? Well, if I were to cease stirring it an explosion would at once occur that would make us jump."

As he spoke he involuntarily ceased stirring, and his prediction was fulfilled. The explosion took place with a frightful noise, every window in the laboratory was broken, and Rouelle's audience fled wildly outside.

It is related of a gifted ecclesiastic, Bishop Munster, that, returning home and finding his door placarded with the announcement, "The master of the house is out," he calmly remained in front of the door, awaiting his own return.

Buxton, the mathematical prodigy, during a visit to London was taken to see Garrick in "King Richard III." Afterward, being asked how he liked the play, he said he really did not know what it had been about, as he had been too busy counting the words spoken by the different actors and the number of times each went in and out.

Ampere in a moment of preoccupation penciled a problem on the back of a cab standing in the street and was vastly astonished when the starting of the cab caused his problem to disappear. Lombroso says that much the same thing happened to Giola, who, in the excitement of composition, wrote a chapter on the top of his bureau instead of on paper.—Ainslee's Magazine.

A Premising Lad.

Miss Ellis, descending the steps of Bennett & Buck's hardware store, met Mrs. Lane going up. "What they got?" Mrs. Lane demanded in a tone that said, "Nothing much, I guess!"

"I didn't look round," replied Miss Ellis. "I knew what I wanted," holding out an ungainly bundle, "and I got it—a hand bellows for my fireplace."

"I went in, and Mary Baker's third—no; fourth—boy come right up to me and asked what he could show me. I told him hand bellows. He brought some up and said they was a dollar."

"Is that the best ye can do?" I asked him.

"The very best," he says, "but I'll tell ye what I'll do, Miss Ellis," he says. "You don't look a very strong lady, and I'll fill it with wind for ye."

"If you want concessions," concluded Miss Ellis, "I recommend ye to go to that boy."—Exchange.

A Continuous Performance.

The appetites of healthy children are proverbial. A group of such children not long since were taken on a modest outing by an adult admirer, and luncheon was arranged for. The children partook with fair heartiness and every appearance of enjoyment. The hostess was correspondingly pleased. But on the way home half an hour later, to her astonishment and mild horror, the oldest child remarked sedately: "Well, I guess I'm about ready for luncheon."

And from all the rest came the eager responsive chorus: "S'm I!"—Chicago Record-Herald.

Pleased With Her Praise.

One of the most charming bits of repartee we ever were fortunate enough to listen to was at a big wedding in East Seventy-sixth street.

"What charming teeth Miss Dibleton has!" a lady exclaimed. "I never saw anything so beautiful!" "Oh, thank you so much for saying that!" exclaimed the young lady's escort fervently and sincerely.

"Oh, pardon me! Are you her husband?"

"No, my dear lady; I am only her dentist!"—Cleveland Plain Dealer.

Matrimonial Repartee.

They were a young couple and talked in loud voices on account of the rattle of the elevated train. He was not in a good humor.

"I wonder," she said, "why the allowances of money made to wives by husbands are called 'pin money.'"

"I suppose," he explained crossly, "it's because it sticks the husbands."—Popular Magazine.
